

QUALITY POLICY

DENSO Czech s.r.o. company is prominent supplier of automotive systems with motors.

“We are committed to quality that satisfies customer expectations through customer focus, total participation and continuous improvement.”

Quality policy principles:

1. Provide exceptional quality products and services by striving to exceed our customer's expectations.
2. Maintain a formal quality system meeting all IATF 16949 standards.
3. Foster an atmosphere of challenging spirit, continuous process and system improvement and problem prevention.
4. Empower and provide training to all employees so that they can improve the systems that effect their work, practice continuous improvement and support their health, welfare and safety as a top priority.
5. Develop relationships with our suppliers that emphasize continuous improvement in product quality, delivery and support.
6. Provide and environment that supports teamwork.

Company management is committed to fulfill specific requirements of concerned parties, to promote and to create conditions to enforce quality policy principles.
